

## ISTI Open Access - Bug #16653

### Problematic entries with a strange "source"

May 09, 2019 02:23 PM - Leonardo Candela

<b>Status:</b>	Closed	<b>Start date:</b>	May 09, 2019
<b>Priority:</b>	High	<b>Due date:</b>	
<b>Assignee:</b>	Michele Artini	<b>% Done:</b>	100%
<b>Category:</b>		<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>	ISTI Open Portal Issues		
<b>Description</b>			
A quite considerable number of records contains strange content in the source field, e.g. see <a href="https://openportal.isti.cnr.it/results?qv=info%3Aacnr">https://openportal.isti.cnr.it/results?qv=info%3Aacnr</a>			
Please, check what is going wrong.			
It seems the issue is in the data exposed by OIA-PMH, e.g.			
<ul style="list-style-type: none"><li>• OpenPortal <a href="https://openportal.isti.cnr.it/results?option=com_dnetindexclient&amp;view=doc&amp;id=people_____::aa38d500de088aafbd8eb8dda751a9c2">https://openportal.isti.cnr.it/results?option=com_dnetindexclient&amp;view=doc&amp;id=people_____::aa38d500de088aafbd8eb8dda751a9c2</a></li><li>• OAI-PMH Record <a href="http://www.cnr.it/oai-pmh/oai2.php?verb=GetRecord&amp;metadataPrefix=oai_dc&amp;identifier=oai:it.cnr.prodotti:138984">http://www.cnr.it/oai-pmh/oai2.php?verb=GetRecord&amp;metadataPrefix=oai_dc&amp;identifier=oai:it.cnr.prodotti:138984</a></li></ul>			
Dunno whether we can do something to fix this. We should contact People guys I guess			

### History

#### #1 - May 16, 2019 03:56 PM - Leonardo Candela

- Status changed from New to In Progress

An early investigation revealed that

- the source value seems to be automatically generated out of the rest of the information stored in the other fields;
- there are two source fields in the native records, one containing the field codes with field values and one containing the results of a function aiming at building a suitable source string;
- the transformation script sometimes removes one of the source fields;

Corrective actions include:

- to reconsider the transformation script thus to not remove the source field with the value containing the suitable source information;
- to provide the People team with examples of problematic source information;

#### #2 - May 16, 2019 04:03 PM - Michele Artini

- % Done changed from 0 to 90

I updated the transformation script.

Now I consider only sources with **length > 10** and not starting with **info:cnr-pdr/source**

#### #3 - May 24, 2019 02:40 PM - Leonardo Candela

I see the fix is already in production and I'm wondering why the ticket was not closed. What is still missing?

Dunno if the decision to not displaying a source at all (in the case it's length is  $\leq 10$ ) is a proper decision or it should be better to report a string like "Source: not available."

How many are the records without a "proper" source?

#### #4 - Nov 02, 2021 01:49 PM - Leonardo Candela

- Status changed from In Progress to Closed

- % Done changed from 10 to 100

Going to close this now ... it is useless to keep it open
