ISTI Open Access - Bug #16785

Fix this very long keywork

May 28, 2019 12:14 PM - Leonardo Candela

Status:	Closed		**Start date:**	May 28, 2019
Priority:	Normal		**Due date:**

Target version:	ISTI Open Portal Issues			

Description

The following paper contains a very long keyword (that is actually a set of keywords):

https://openportal.isti.cnr.it/doc?id=people_____::30d28ecd7823bde1ecd37d7678c10d09

It seems this keyword doesn't come from People ... rather it comes from OpenAIRE.

Shall we put in place a mechanism aiming at "unfolding" cases like this? How many keywords having such shape do we collect?

I fixed the long terms.

Now I split the long subjects on ";" and ','.
