

ISTI Open Access - Feature #20675

Feature # 20103 (Completed): Configure ISTI Open Portal to expose usage statistics for OpenAIRE

Reconsider the URLs for accessing the payloads

Feb 09, 2021 02:45 PM - Leonardo Candela

Status: Closed	Start date: Feb 09, 2021
Priority: Normal	Due date:

Target version: ISTI Open Portal Issues	

Description

During the integration of the statistics it turned out that the mismatch between the oai record identifier e.g.

https://openportal.isti.cnr.it/oai?verb=GetRecord&metadataPrefix=oai_dc&identifier=oai:dnet:people_____:748482cb63051a83fd9f4306121aa42b

and the url for accessing the payload e.g.

http://openportal.isti.cnr.it/data/2021/441954/2021_%20441954.preprint.pdf

is causing issues to the OpenAIRE Service computing the statistics.

We decided to alter the urls of the payloads by appending a query string containing the oai record ID ... thus the urls should become like the following

http://openportal.isti.cnr.it/data/2021/441954/2021_%20441954.preprint.pdf?ID=oai:dnet:people_____:04ac9a9380b1c75244fed0274a260c77

These urls should be included in the landing pages of the products.

History

#1 - Feb 09, 2021 02:48 PM - Anonymous

- Status changed from New to Completed

The fix has already been implemented. The portal shows the new urls.

#2 - Feb 09, 2021 02:51 PM - Leonardo Candela

I see ... what was implemented is actually slightly different yet it should work ... in practice we use the landing page ID (rather than teh record id) ... thus the URLs are like this

http://openportal.isti.cnr.it/data/2021/441954/2021_%20441954.preprint.pdf?id=people_____:04ac9a9380b1c75244fed0274a260c77

Adding it here for documentation purposes.

#3 - Feb 09, 2021 03:21 PM - Anonymous

- Status changed from Completed to Feedback

@leonardo.candela@isti.cnr.it the difference between the 2 id is only the prefix "oai:dnet", should i add it?

I notice also that you suggested the ID parameter in uppercase.

#4 - Feb 09, 2021 08:26 PM - Leonardo Candela

- Status changed from Feedback to Closed

- % Done changed from 0 to 100

No need to change unless OpenAIRE colleagues will ask for change.
