Description

Data coming from IRIS are expected to contain a suitable oaire:citationTitle
https://openaire-guidelines-for-literature-repository-managers.readthedocs.io/en/v4.0.0/field_citationtitle.html

Unfortunately, this is not the case

See
https://openportal.isti.cnr.it/results?page=1&pageSize=20&qf=&qv=&type%5B%5D=Contribution%20to%20conference&type%5B%5D=Conference%20article&op_cnrautb=AND&op_type=OR&op_lng=OR&op_date=OR&op_rights=OR&sort=date&order=1

We have to liaise with CINECA to enhance the export, there is nothing we can do on our side.
