Description

Because of this item https://openportal.isti.cnr.it/doc?id=people_____::3e8e5599fabf7d82fd8df0ca17842607

we have the typology http://purl.org/coar/resource_type/c_c513 popping out (in the graphs and in the browsing by typologies)

This corresponds to the image COAR type.

I would suggest mapping this type into Other, it is useless to have it highlighted.
