Hi @mariaantionietta.digirolamo@eng.it I really don't understand this issue. It builds locally. anyway I try a fix.

#5 - May 15, 2017 10:58 AM - Maria Di Girolamo

No it's the result of the last nightly build : http://eticsbuild2.research-infrastructures.eu/BuildReport/home/AllBuilds/org.gcube.4-5-0/BUILD_12.

Now it seems solved

@gabriele.giammatteo@eng.it @mariaantionietta.digirolamo@eng.it with java version "1.8.0_131" my code didn't had such issues. Please take in account to upgrade the JDK. Maybe it is better when the release is closed.

#7 - May 16, 2017 10:58 AM - Gabriele Giammatteo

thanks for the feedback. We will try to understand if the version of Java is the problem and will upgrade it in the integration environment
