Description			
Steve Cadrin is an ICES Instructor willing to use the D4Science RStudio machines on the ICES training course: Introduction to Stock Assessment VRE			
https://bluebridge.d4science.org/group/ices_introstockassessment			
We can set up 3 instances for the course for the moment and we will see if they require more.

I would prefer to setup more than 3 instances. It is the first time they use it and it is better to do it with additional resources. I would assign the same set assigned to DrumFish, namely 8 Studio instances.
