Hi @mariaantonietta.digirolamo@eng.it . I am trying to edit the etics configuration (I want to set the svn revision to 154452) but the edit pencil is grayed. Something I should do? Something you could do? Thanks!

Dear @denispyr@i2s.gr ,

This version is released in the 4.6.1 and the ETICS configuration is locked; it's no possible to un-lock. You should create a new configuration for it with the new revision number.

Thank you,
Maria.
